[Pc Fix Speed License Key](#)

The screenshot shows the PC Utilities Pro - Optimizer Pro application window. The title bar includes the application name and standard window controls. The main menu has tabs for Home, Registry, Clean Up, Optimize, and Settings. A yellow warning banner at the top states: "Attention! 967 items and settings are slowing down your system. Register now". Below this, a text block explains that the software's benefits include faster performance, increased startup speed, and fewer error messages. A light blue box displays scan results: "Attention! The last scan found 967 items to clean and optimize." To the left is an icon of a laptop with a stethoscope. The results are listed as follows:

Registry entries to optimize	Registry entries found: 357
Privacy check and clean	Registry entries found: 610
Settings not optimized	Solution: Optimize settings
No scheduled scan	Solution: Schedule Scan
Last scan: 8/19/2013	Run new scan

Below the scan results, there is a section titled "Why register Optimizer Pro?" with three checked items: "Faster PC performance", "Increased startup speed", and "Keeps your PC running like new." To the right of this list is a link "View items found" and a large green button with a right-pointing arrow and the text "Register now!". At the bottom right of the window is a "< Back" link.
